

Astbury Mere Dog Walkers Code of Conduct

*Dog walkers are very welcome at Astbury Mere.
The site offers plenty of opportunities for you to exercise your dog
(and yourself!) all year round.*

*To make sure your visit is safe and that others may enjoy their activities
we ask that all dog walkers adhere to the site's Code of Conduct:*

-  **Prevent your dog from fouling.** If your dog does foul pick it up and either use one of the dog bins on site or take it home.
-  **Keep your dog under close control.** This means that your dog should either be on a lead or if off lead then within your sight and immediately responsive to your return command.
-  **Ensure** that your dog does not interfere with other users of the site, in particular people fishing in the lake and children who could be intimidated by your dog.
-  **Obey** all signage even if it might restrict your access, especially where you are asked to put your dog on a lead or are asked to prevent your dog entering certain parts of the lake or lakeshore.
-  **Be** respectful of the site and do not cause undue disturbance to wildlife.
-  **Report** any problems or difficulties to the site Ranger.

*- supported by the Astbury Mere Dog Friendly Society, Astbury Mere Trust,
Stoke on Trent Angling Society and Cheshire East Council*

Thank you - and enjoy your walk
